

# Emerging Mental Health Data -So far

## Between April and July 2020

- Surveyed members
- Findings from Communities of Interest Network
- Member reports

## Created Emerging MH Needs report Published Oct 20

- Presented report findings, along w/ public health, NHS, pharmacy data and national modelling to inform a rapid mental health needs assessment which was presented to the Mental Health Partnership Board in Nov 20

# Real Time Surveillance and Modelling

**Public Health colleagues leading on this work which is developing all the time & not an exact science**

- Mix of current surveys and applying what we already know eg. % of people with MH problems who are unemployed'
- GP/Local hospital data
- 3rd sector insight

## **Working towards:**

- Embedding and delivering Covid actions throughout all priorities in MH Strategy – link to evaluation of outcomes
- Covid MH dashboard in development. Aim is to split measures by key demographic groups etc.
- More work to on data to keep 'live' and to compare modelled estimates alongside current actual trajectories

# Real Time Surveillance and Modelling

## Priority populations

- Existing mental health problems including SMI
  - Emerging - New Mental health problems (diagnosed and undiagnosed)
- 
- 1) Healthcare Workers
  - 2) Severe/hospitalised Covid
  - 3) Those bereaved in the last year
  - 4) People financially impacted by Covid

Where are people presenting to?

Are they reaching structured services?

What's the need & Where is it being met?

How can this network support this real time surveillance in an ongoing manner?

# Emerging Mental Health Data

**How do we hear this from you and best collate it?**

- 1 . What has happened during the last 6 months?
2. What are the key things we need to keep an eye on going forward?
  - Specific benchmarking data
  - Emerging and/or increasing mental health needs & types of need
  - Changes in service demand/volume
  - Particular postcode areas or population groups
  - Concerns around suppressed needs.
  - Use the button? Monthly report on MH needs?
