

LEEDS FREEDOM FAMILIES

The Leeds Freedom Families launched in February 2019, with the aim to provide a supportive network of parents & guardians with LGBTQ+ children (of any age).

We suspended activities throughout 2020 due to Covid, but have since relaunched in a virtual capacity with a new monthly session.

SUPPORT NETWORK CHAMPION

Whilst the group re-establishes itself in early 2021 we're focusing initially on networking, to bring together parents with experience of supporting their LGBTQ+ children. As we increase this engagement we will look to expand to incorporate opportunities to champion the LGBT+ community as allies, whilst offering a safe compassionate environment for those parents who need support.
