

# Communities of Interest Information 2020

## Email and Meeting Updates

Since mid-April 2020 Forum Central has been sharing weekly email updates about COVID-19 and Leeds with the Communities of Interest network, link organisations, and other individuals who are interested in the very latest relevant news which they can use and share with the people and communities they work with.

Emails from 2021 are available to view and download on the Forum Central website. Emails from 2020 are linked to in this document.

## Communities of Interest Virtual Session Notes and Recording

Virtual Sessions take place every fortnight to bring together the network of organisations who represent the various communities of interest across Leeds to share issues being witnessed which stem from COVID-19, and discuss how we can best equip these organisations to support others within their communities.

We share the notes and a flashcard from these meetings, and upload the audio recording to Youtube, [you can view the playlist here](#). To access the session notes and flashcards use the links below.
