

## Men's Health Unlocked Consultation March 2021

### The Network

What is MHU to you?

What do you want MHU to be?

### What would you find most useful from your network?

How helpful has Men's Health Unlocked been for your work with men since the launch in November?

21 responses. (1= Not at all; 5 = Lots)

### In what way? Please tick ALL those which apply

21 responses

## Is this your first time at a Men's Health Unlocked Network Meeting?

23 responses

- Yes
- No
- I attended a meeting last year in the City Centre, since then Covid has obviously happened and im unaware of anything that happened as a result of that meeting.

## The Workshops

How useful were the workshops that took place at the March 2021 Networking meeting?

## Some Questions

- Would be useful to have lists of contact details (if only just for our individual workshops) to enable stronger links between organisations.

*We followed this up at the May networking meeting and will be sharing email addresses with those present.*

- I'd like some clarity on how the delivery side of the network is going to develop, especially with changes in PCNs and the CCG.

*We are currently submitting a bid to the Lottery to continue the network, including some outreach and engagement projects and, of course, continuing all these network support meetings and resources. We are already linking in with the West Yorkshire and Harrogate Healthcare Partnership who are keen on involving VCS organisations in their work.*

*The Council has also introduced "gender" as a key part of its commissioning process, so this will help ensure that we remain relevant.*

*I can update more on this at the next networking meeting in July.*

- *Damian Dawtry, MHU Co-ordinator.*

- Can it be used as a directory service so we can find out what people are doing in the city.

*So, you mean, our directory of activities?? Check it out here:*
