THERE'S A CAREER FOR YOU IN HEALTH AND CARE

WELCOME

WELCOME TO THE LEEDS HEALTH & CARE ONE WORKFORCE

In Leeds our ambition is to be the best place to learn and work whatever your age. Working together across health & care, we are providing opportunities for skills, jobs and wealth creation, engaging and recruiting those from our communities and inspiring the next generation of the health and care workforce. This will ensure that Leeds is equipped with the highly diverse, skilled workforce, with the right values and behaviours needed now, and in the future.

We wish you the very best of luck today. However, if you're not successful this time around, there are many other routes that you can take to begin your career in health and care in Leeds.

This booklet outlines some of the other options available, take a look at what stands out to you.

WE CARE ACADEMY

The We Care Academy was established in 2013 with the main focus of recruiting people with the right values, attitudes and behaviours into the social care sector, across Leeds. It sits within the organisational and workforce development team in the adults and health directorate of Leeds City Council.

The We Care Academy aims to raise the profile of adult social care, and create avenues for people who are interested in this field of work and are caring, compassionate and patient. The team work with many care providers across the city, supporting with their recruitment and retention needs.

Working in partnership with Job Centre Plus and Leeds City College, The We Care Academy supports internal Leeds City Council services and external adult social care providers with their workforce and staff development needs. It also works with health partners across all sectors to promote the career pathways and the development of health and social roles. It offers support with all aspects of social care.

STEP INTO CARE PROGRAMME

If you like working with people, want to make a difference in your community, and have a job that has rewarding long-term prospects, then a career in social care could be for you.

There are currently exciting opportunities available for people aged 16 and over to join a training programme for new care assistants and support workers, that will lead to the opportunity of a permanent job in your local area.

We will give you more information about this programme at the assessment day, however if you have any further questions or want to get in touch with us, email: wecareacademy@leeds.gov.uk to register for a place.

LEEDS & YORK PARTNERSHIP NHS FOUNDATION TRUST

If you would like to get some work experience at any service within Leeds & York Partnership NHS Foundation Trust, you can apply to be a volunteer.

If you would like to volunteer, please contact Christine Heath at christine.heath1@nhs.net or via telephone on 0113 855 7092.

You can look at the Leeds & York Partnership NHS Foundation Trust (LYPFT) website for updates on vacancies at www.leedsandYorkpft.nhs.uk/our-services/cypmhs-west-yorkshire/recruitment/

LEEDS CITY COLLEGE

Health & Care Development Offer

Leeds City College is one of the largest education and apprenticeship providers in Yorkshire. It is part of the Luminate Education Group which brings together a number of different colleges. The Luminate Education Group proudly works with the NHS and Care sector to help individuals across the city achieve their career potential.

The Luminate Education Group’s NHS apprenticeship pathway is a career development scheme for anyone looking to advance their career in the Health & Social Care sector. Available to anyone over 16, the scheme allows candidates to boost and develop their skills through paid apprenticeships or voluntary traineeships. Students gain on the job learning and skills that open up new career and progression opportunities.

Supporting a range of roles across the Health & Care sector, apprenticeships are available in Catering & Hospitality, Care, Customer Services, Digital & IT, Engineering & Marketing, Facilities, HR, Leadership & Management, Marketing, Science & Sport. Some of the specific Health & Care related apprenticeships offered are on the next page - but apprenticeships in the other range of roles above are also available across all levels.
