

WORKING TOGETHER TO IMPROVE CARE FOR OLDER PEOPLE THROUGH RESEARCH

- Do you receive social care?*
- Do you have experience of social care through a relative or friend?

** Social care is the support people receive with daily living (e.g. washing, dressing) in either their own home or in supported accommodation (e.g. care homes). This might be paid for privately or provided by social services (or local authority or similar).*

YOUR VOICE MATTERS FOR IMPROVING CARE OF OLDER PEOPLE!

Join our event to hear how the public can get involved with improving care for older people.

THURSDAY MAY 14TH 2026
