

# Communication Skills Training

The Leeds Health and Care Academy offers a suite of online and in-person development opportunities designed to support confident, effective communication across a wide range of health and care roles.

-  **Introducing the Principles of Better Conversations**  
(eLearning)
-  **Better Conversation Interactive Skills Session**  
(half day)
-  **Introduction to Facilitation Skills**  
Face to Face (1 day)
-  **Introduction to Coaching**  
Face to Face (1 day)
-  **Motivational Interviewing**  
Face to Face (2 day)

*"I have learnt a lot about how a positive conversation can have an impact on someone's life."*

*"This has been an exceptional training tool. It has really caused me to reflect more and consider different styles of questions."*
